

2021 USA Surfing Championships Qualification

This year's 2020/2021 USA Surfing Championships qualifications has been set. As previously noted, USA Surfing has decided to delay moving forward with the new ratings/qualifications system in favor of using a modified system for this year's event, due to the lingering effects of the pandemic on everyone's competition seasons. The qualification process will proceed as follows:

UNDER 18 SHORTBOARD

Qualification of USA Prime West athletes

The top 50% of athletes who complete 3 of 5 Prime West events.

Qualification of USA Prime East athletes

The top 50% athletes who complete 2 of 3 Prime East events.

Regional organizations (mainland, USA Prime regions) NSSA East, NSSA West, ESA, WSA

Each organization will receive a total of 16 opportunities to qualify athletes for the event (*2 athletes per age division) to be awarded to the first- and second-place finisher in each age division, if the athlete has not already qualified through Prime.

(*Boys U12 NSSA West and WSA 3 athletes each.)

Note: Pre-qualification through Prime and double qualification via two or more regional organizations in a non-Prime age division do not open a spot to a regional organization's next athlete/s in the ranking.

Note: Regional organization leadership will be responsible for determining their own qualification method for:

- all age divisions in regional organizations (where Prime is unavailable) and/or having experienced an absence of qualifying events during the pandemic (i.e. HASA, TGSA, NSSA HI)
- non-Prime age divisions (Girls U14 and U12, Boys U12) in regional organizations where Prime is available (ESA, NSSA East, WSA, NSSA West,

Regional organizations (Hawaii, Texas, non-USA Prime regions) NSSA HI, HASA, TGSA

Each organization will be able to qualify athletes based on historic allocation numbers.

TGSA - 8

HASA - 38

NSSA HI - 38

(see USA Champs Qualification spreadsheet for division breakdown)
